

# Hon Jan Tinetti

Minister of Education  
Minister for Women  
Minister for Child Poverty Reduction

Jenn Bestwick  
Chair  
Tertiary Education Commission  
PO Box 27-048  
Wellington 6141

Dear Jenn,

## **Determination of Design of Funding Mechanism: delivery at Levels 3 – 7 (non-degree) on the New Zealand Qualification and Credentials Framework and all industry training**

I am writing to advise you of a determination of the design of a funding mechanism, under section 419 of the Education and Training Act 2020 (the Act). This is one of two determinations for the unified funding system for vocational education and training.

This determination is for non-degree tertiary tuition and training at Levels 3 – 7 on the New Zealand Qualifications and Credentials Framework and all industry training, as well as learner-based funding via the learner component.

The new determination is set out in the appendix to this letter. The determination covers the funding of provision delivered from 1 January 2024.

Under section 422 of the Act, it is the Tertiary Education Commission's (TEC) responsibility to develop the details needed to implement my determinations of the design of funding mechanisms. Your continued focus on tertiary education organisations' Learner Success initiatives will be important in supporting the success of these funds.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'J. Tinetti'.

**Hon Jan Tinetti**  
Minister of Education

# **DETERMINATION OF DESIGN OF FUNDING MECHANISM: DELIVERY AT LEVELS 3 – 7 (NON-DEGREE) ON THE NEW ZEALAND QUALIFICATION AND CREDENTIALS FRAMEWORK AND ALL INDUSTRY TRAINING**

## **PRELIMINARY PROVISIONS**

### ***Statutory authority***

1. This determination of the design of a funding mechanism is made under section 419 of the Education and Training Act 2020 (the Act).

### ***On-Plan funding***

2. The Tertiary Education Commission (TEC) must pay funding allocated under this funding determination in accordance with section 425 of the Act.

### ***Effective period***

3. This funding mechanism relates to funding provision from 1 January 2024.
4. The TEC may exercise any of its administrative functions before 1 January 2024 as required to give effect to this funding mechanism.

### ***Available funding***

5. The amount of government funding that can be spent under this funding mechanism will be set through the Government's annual budget processes.

### ***Purpose of the unified funding system for vocational education and training***

6. The unified funding system is designed to incentivise providers to:
  - a. support learners to transition to work-based training;
  - b. enhance support for employers;
  - c. increase and improve success and support for all learners;
  - d. respond to national and regional skills priorities; and
  - e. ensure a strong and sustainable regional network of provision.

## **PART ONE: DELIVERY COMPONENT FUNDING MECHANISM**

### ***Purpose***

7. The purpose of this funding is to contribute towards the costs of providing vocational education and training.
8. Funding rates have been designed to enable and encourage providers to grow work-integrated learning pathways which meet learner, employer, and community needs. Differentiating funding by mode of delivery also allows recognition of the different cost structure of those activities.

### ***TEO eligibility***

9. The TEC may only fund a tertiary education organisation (TEO) under this funding mechanism if the TEO is one of the following:
  - a. a tertiary education institution (TEI), namely:
    - i. a university;
    - ii. Te Pūkenga – New Zealand Institute of Skills and Technology (Te Pūkenga);
    - iii. a wānanga; or
  - b. a registered private training establishment (PTE).

### ***TEO quality assurance***

10. To be eligible for funding under this funding mechanism, a TEO must be quality assured as follows:
  - a. if the TEO is a wānanga, Te Pūkenga, or a registered PTE, the TEO must be quality assured by the New Zealand Qualifications Authority (NZQA); or
  - b. if the TEO is a university, the TEO is quality assured by the New Zealand Vice-Chancellors' Committee (Universities NZ).

### ***Funding formula and rates***

11. The TEC allocates funding under this funding mechanism for the relevant eligible programmes, micro-credentials and activities that are specified in a TEO's investment plan.
12. For the purposes of calculating the value of a TEO's approved funding under this funding mechanism, the TEC must use a metric comprising:
  - a. the number of valid domestic enrolments, measured in equivalent full-time student units (EFTS); and
  - b. the programmes or micro-credentials, and their component parts, in which learners are enrolled, and the assigned delivery classifications, funding categories, and funding rates of those programmes and component parts.

### ***Equivalent Full-Time Student units (EFTS)***

13. One (1.0) EFTS unit is defined 120 credits of full-time study over a single academic or calendar year. One Standard Training Measure is equivalent to one EFTS unit.
14. A TEO will determine the EFTS value of each of its programmes or micro-credentials and the course EFTS factor of its components, in accordance with criteria published by the TEC.

### ***Standard Training Measure (STM)***

15. An STM is defined as the amount of training that is required for a work-based learner to achieve 120 New Zealand Qualification and Credentials Framework (NZQCF) credits.

16. The TEC must use the following formula to calculate the number of STMs for which a TEO is entitled to receive funding:

$$\text{funded STMs} = \frac{\text{number of enrolled industry trainees or New Zealand Apprentices} \times \text{credits per industry trainee or New Zealand Apprentice per year}}{120}$$

#### Funding classifications

17. For data submitted through the Single Data Return (SDR), TEOs must assign each classified programme, micro-credential and/or component part a funding category according to the tables (relating to subject classification and mode of delivery) in Appendix 1. The content of the programmes and/or component parts (rather than its name) must determine the assignment.
18. The TEC must validate the TEO's assignment of its programmes, micro-credentials and/or component parts to the appropriate classifications and funding categories, as outlined in the tables in Appendix 1.
19. For data submitted through the Industry Training Register (ITR), the TEC must:
- assign each programme, micro-credential, and/or component parts a classification listed in Table 1, 'Delivery Classification', in Appendix 1 of this funding mechanism; and
  - assign each programme, micro-credential, and/or component parts a funding category listed in the tables in Appendix 1 of this funding mechanism.

#### Funding rates

20. The TEC must apply the per-EFTS funding rates for programmes, micro-credentials and/or their component parts, as set out in Table 4, "Funding rates" of Appendix 1.

#### ***Flexible funding***

21. The TEC must establish criteria, based on minimum thresholds for organisational and educational performance, for determining under which circumstances a TEO qualifies for flexible funding (a "qualifying TEO").
22. However, a TEO is not a qualifying TEO unless it is funded by the TEC to deliver 20 or more EFTS.
23. The TEC must allocate flexible funding, over and above that approved through investment plans, to qualifying TEOs in the following circumstance: the value of provision actually delivered by the TEO, as measured in dollars, is greater than the value of its approved funding allocation.
24. If a qualifying TEO meets the condition specified in paragraph 23 above, the TEC must pay the TEO up to the following limits, either:
- 2% of the qualifying TEO's approved funding allocation; or
  - 10 EFTS, whichever is greater.

25. The TEC may establish criteria to allocate funding above the additional funding limits specified in paragraph 24, provided the TEC has assessed whether the funding available is sufficient for the TEC to provide funding above these limits.

*Valid domestic enrolments*

26. For the purposes of this funding mechanism, the term “valid domestic enrolment” refers to the enrolment of a learner who is:
- a. a domestic student as defined in section 10(1) of the Act; or
  - b. an Australian citizen or Australian permanent resident currently residing in New Zealand; and
  - c. either:
    - i. aged 16 years and over; or
    - ii. aged under 16 years and meets the criteria determined by the TEC; and
  - d. studying in New Zealand, unless the learner meets the criteria in paragraph 29; and
  - e. has paid or committed to pay their fees (if fees apply).
27. The TEC must establish criteria for determining under which circumstances a learner can be considered to be a valid domestic enrolment, where the learner:
- a. is aged under 16 years; or
  - b. has not paid their fees (if fees apply).
28. The TEC must establish the requirements that TEOs must comply with to verify each learner’s identity and confirm that a learner is a valid domestic enrolment.

*Eligibility for learners studying outside of New Zealand*

29. A learner studying outside of New Zealand is a valid domestic enrolment only if the learner meets the above criteria in paragraph 26(a-c) and (e) and:
- a. if they are studying at an overseas campus or delivery site (irrespective of whether they are enrolled at the TEO’s New Zealand campus or overseas campus), the learner meets the following criteria:
    - i. enrolled at a New Zealand TEO in a programme leading to the award of a qualification at Level 7 (non-degree) on the NZQCF;
    - ii. the study outside New Zealand is full-time and face-to-face (i.e. not in an extramural mode of delivery) in an approved country identified on the Education New Zealand website; and
    - iii. is undertaking part (but not all) of the programme outside New Zealand.

### *Inducements*

30. Even if a learner meets the criteria specified in paragraph 26, the enrolment is not a valid domestic enrolment for the purposes of this funding mechanism if it has been secured by way of an inducement.
31. An inducement may include a financial incentive or ongoing personal possession of physical items where they induce a learner to enrol. An inducement does not include advertising or offering programmes where learning is undertaken in the work-based pathway to work mode of delivery.
32. The TEC must establish criteria for determining what constitutes an inducement.

### ***Programme Eligibility***

33. The TEC must ensure funding paid to a TEO under this funding mechanism is for:
  - a. a programme or micro-credential leading to an award on the NZQCF at Levels 3-7 (non-degree) and has been quality assured by NZQA or Universities NZ (as appropriate), or
  - b. part of a programme or micro-credential, where the programme or micro-credential it is part of leads to an award on the NZQCF at Levels 3-7 (non-degree) and has been quality assured by NZQA or Universities NZ (as appropriate) for which the TEO has TEC funding approval; and
  - c. meets any other criteria specified by the TEC.
34. The TEC may fund a programme or micro-credential, or part of a programme or micro-credential, at Levels 1 and 2 on the NZQCF only if it is predominately completed in the work-based or assessment and verification modes of delivery.
35. A programme or micro-credential, or part of a programme or micro-credential, leading to a qualification at Level 1, 2, or 3 on the NZQCF must include embedded literacy and numeracy.
36. The TEC must set guidelines, to ensure consistency across the sector, on how a TEO will determine the literacy and numeracy needs of eligible learners and provide support to those learners to meet their literacy and numeracy needs.

### *Health and safety and regulatory compliance learning*

37. The TEC must ensure that funding paid to a TEO under this funding mechanism is not used for a programme or micro-credential where the TEC considers on reasonable grounds that a majority of the programme or micro-credential relates to health and safety or regulatory compliance learning that would displace the responsibility of employers to provide training necessary to mitigate health and safety risks or meet their regulatory compliance obligations.

### *Cap on high-cost aviation provision*

38. The TEC must ensure that funding for provider-based aviation programmes that includes an in-flight training component does not exceed 450 EFTS.<sup>1</sup>

### *Health-related professional programmes and micro-credentials*

39. The TEC may allow funding paid to a TEO under this funding mechanism to be used for programmes and/or micro-credentials, or their component parts that lead to the award of a post-entry health-related professional qualification or micro-credential that:
- a. is of an academic or research nature; and
  - b. has a clinical component of 30% or less within the total programme or micro-credential.
40. The TEC must ensure that funding paid to a TEO under this funding mechanism is not used for programmes and/or micro-credentials, or their component parts, that lead to the award of a post-entry health-related professional qualification or micro-credential that has:
- a. a clinical component of more than 30% within the total programme or micro-credential; and
  - b. either:
    - i. a requirement for clinical education and training; or
    - ii. an emphasis on specialist clinical professional skills.

## **PART TWO: LEARNER COMPONENT FUNDING**

### ***Purpose***

41. The purpose of this funding is to support TEOs to put learners at the centre of their organisation and to improve outcomes for learners by:
- a. supporting all learners, particularly those learners who have traditionally been underserved by the education system; and
  - b. recognising that there are higher costs involved in adapting education delivery and support to meet learners' unique needs.
42. The learner groups mentioned in this funding determination serve as a proxy for learners who need additional support to be successful in vocational education and training (VET).<sup>2</sup> I expect the TEC to ensure that TEOs identify the unique needs of all their learners (including through engagement with learners and their communities), make decisions about how to support them, and allocate funding accordingly.

---

<sup>1</sup> This 450 EFTS cap includes any delivery on the NZQCF at level 3 and above in aviation, including delivery funded through the *Delivery on the New Zealand Qualification and Credentials Framework at Level 7 (degree) and above* funding mechanism.

<sup>2</sup> Vocational education and training, for the purposes of this funding mechanism, refers to delivery eligible to be funded through this funding mechanism.

### **Funding priority for the learner component**

43. My priorities for learner component funding are for TEOs to build capability and demonstrate how they will deliver results for learners (including, where relevant, in supporting employers who deliver work-based learning) by committing to:
- a. addressing racism, bias and low expectations that impact VET learners and their whānau;
  - b. strengthening mechanisms to hear and act on VET learner voice and understand the views of whānau and communities about VET;
  - c. reducing barriers for VET learners, particularly in accessing work-based learning, and supporting them to be successful in VET; and
  - d. ensuring VET teaching and learning meets learner, employer and industry needs, and delivers skills relevant for the workplace.
44. Over time, I expect TEOs will develop capability and capacity so that learner:
- a. are well supported by TEOs and employers to enrol in, and complete, VET programmes;
  - b. have increased enrolment rates in programmes with significant elements of work-based learning; and
  - c. have increased qualification completion rates across all VET qualifications.

### **Funding formula and rates**

45. The TEC must calculate learner component funding allocations based on the number of valid domestic enrolments who are part of the learner groups identified below at each eligible TEO. Funding allocated under the learner component is in addition to the funding allocated under the delivery component and is not subject to recovery under paragraphs 96-102.
46. This funding does not apply to valid domestic enrolments in the assessment and verification mode of delivery.
47. The learner component rates per EFTS are:

| <b>Eligible learner</b>                                       | <b>Rate</b> |
|---|-------------|
| Learners with low prior attainment and/or disabled learners   | \$1,295.00  |
| Māori and/or Pacific learners at Levels 1-2 (work-based only) | \$148.00    |
| Māori and/or Pacific learners at Levels 3-6                   | \$148.00    |
| Māori and/or Pacific learners at Level 7 (non-degree)         | \$355.00    |

48. A 'learner with low prior attainment' is someone who at the date of enrolment has not previously achieved a qualification on the NZQCF at Level 3 or above or equivalent.
49. Following the calculations above, 20% of each allocation will be paid subject to paragraphs 50-62 below.

### ***Performance expectations***

#### *For TEOs that will receive more than \$100,000 of learner component funding*

50. The TEC must develop with each TEO performance expectations that show how the TEO will contribute to meeting the current funding priorities of the learner component, and that are relevant and tailored to each TEO and the needs of its learner populations.
51. The TEC must pay a TEO 20% of its learner component allocation when the TEO has met agreed performance expectations.
52. The TEC must monitor and report progress against the priorities set out in paragraph 43.
53. From 2025, the TEC must engage with Māori and iwi on its proposed principles or underlying approach for developing performance expectations and monitoring arrangements. This includes ensuring that TEOs appropriately engage with Māori and iwi as required for Investment Plans.

#### *For TEOs that will receive more than \$50,000, but less than \$100,000 of learner component funding*

54. For TEOs that are required to submit an Investment Plan for 2024, the TEC must develop with each TEO performance expectations that show how the TEO will contribute to meeting the priorities set out in paragraph 43, and that are relevant and tailored to each TEO and the needs of its learner populations.
55. The TEC must pay a TEO that has set performance expectations in accordance with paragraph 54 20% of its learner component allocation when the TEO has met the performance expectations.
56. For TEOs that are not required to submit an Investment Plan for 2024, the TEC must set performance expectations for those TEOs. The performance expectations must be based on the priorities set out in paragraph 43.
57. The TEC must pay a TEO that has set performance expectations in accordance with paragraph 54 20% of its learner component allocation if the TEC is satisfied that the TEO is making sufficient progress towards meeting the performance expectations.
58. The TEC must monitor and report progress against the funding priorities set out in paragraph 43.
59. From 2025, the TEC must engage Māori and iwi on its proposed principles or underlying approach for developing performance expectations and monitoring arrangements. This includes ensuring that TEOs appropriately engage with Māori and iwi as required for Investment Plans.

#### *For TEOs that will receive less than \$50,000 of learner component funding*

60. TEOs that receive less than \$50,000 of learner component funding will not be required to set or meet performance expectations.
61. The TEC must pay such TEOs their full learner component allocation based on the funding formula and rates set out in paragraphs 45-49.

62. The TEC has discretion to determine that:
- a. any TEO that receives less than \$50,000 of learner component funding must set and meet performance expectations for learner component funding, and payments for the learner component will then be made in accordance with paragraph 51; or
  - b. any TEO that receives more than \$50,000 of learner component funding is not required to set or meet performance expectations, and payments for the learner component will then be made in accordance with paragraph 61.

### **PART THREE: FUNDING CONDITIONS**

#### ***Performance standards***

63. The TEC may set minimum and maximum performance and delivery standards for TEOs, including credit achievement standards.

#### ***TEOs***

64. The TEC must attach to funding a condition that a TEO that receives funding under this funding mechanism must meet, and for the length of the funding period must continue to meet, all of the eligibility criteria specified in paragraphs 9 and 10 of this funding mechanism.
65. The TEC must attach to funding a condition that a TEO that receives funding under this funding mechanism must:
- a. For data reported through the ITR, as outlined in paragraphs 18 and 19, accurately assign the credit value and nominal duration to a programme in order for the correct STM value to be calculated;
  - b. for data reported through the SDR, as outlined in paragraphs 17 and 18 –
    - i. accurately assign each of its programmes, micro-credentials and /or component parts an EFTS factor;
    - ii. accurately assign each of its programmes, micro-credentials and/or component parts a classification listed in Table 1, “Delivery Classification” of Appendix 1 of this funding mechanism;
    - iii. accurately assign each of its programmes, micro-credentials and/or component parts a funding category listed in the tables in Appendix 1 of this funding mechanism; and
  - c. meet minimum and maximum performance standards specified by the TEC.

#### ***Programmes***

66. The TEC must attach to funding a condition that a TEO that receives funding under this funding mechanism must ensure that each programme or micro-credential and/or its component parts in which an eligible learner is enrolled meets and continues to meet the criteria specified in paragraph 33 of this funding mechanism.

67. Where funding is used for programmes or micro-credentials leading to a qualification at Level 1, 2, or 3, the TEC must attach to funding a condition that the programme or micro-credential, or its component part, at Level 1, 2, or 3 includes embedded literacy and numeracy.
68. The TEC must attach to funding a condition that a TEO must not use funding paid under this funding mechanism to fund a programme or micro-credential where the TEC reasonably considers that a majority of the programme or micro-credential would displace the responsibility of employers to provide training necessary to mitigate health and safety risks or meet their regulatory compliance obligations.

### ***New Zealand Apprenticeships***

69. The TEC must attach to funding a condition that a TEO must report programmes that meet the following criteria as New Zealand Apprenticeships:
  - a. provide an entry point into an occupation to set a person up for a career in an industry;
  - b. meet any regulatory requirements for entry into an occupation;
  - c. require a tripartite agreement;
  - d. contain a strong theoretical component to support further learning, as well as a practical element;
  - e. are directly related to the intended career; and
  - f. lead to either:
    - i. a qualification at level 4 on the NZQCF that has a minimum of 120 credits and, if approved by the TEC, additional qualifications at level 3 or level 4 on the NZQCF; or
    - ii. multiple qualifications that together have at least 120 credits, provided those qualifications are at level 3 and level 4 on the NZQCF, and at least 60 credits are at level 4 on the NZQCF; and
  - g. meet any additional criteria set by the TEC to ensure that the programme is focussed on Level 4 outcomes on the NZQCF.
70. The TEC must attach to funding a condition that a TEO must report learners as a New Zealand Apprentice through the Industry Training Register if they are a valid domestic enrolment, and are:
  - a. enrolled in a New Zealand Apprenticeship programme;
  - b. employed in the occupation for which the apprentice is training; and
  - c. supported by a training plan agreed by the apprentice, the employer, and the TEO arranging the training, throughout the programme.
71. The TEC must approve, and maintain, a register of all New Zealand Apprenticeships, and may withdraw approval, with effect for new enrolments after a reasonable notice period.

### ***Subcontracting***

72. The TEC must attach to funding a condition that a TEO that receives funding under this funding mechanism must:
- a. not subcontract any of the funded activities without the prior written consent of the TEC, and if the TEO is quality assured by NZQA without the prior written approval by NZQA;
  - b. comply with any conditions imposed by the TEC on an approval to subcontract;
  - c. ensure that a subcontracted party does not further subcontract any functions; and
  - d. remain accountable for the use of the funding.

### ***Learners and enrolments***

73. The TEC must attach to funding a condition that a TEO that receives funding under this funding mechanism must ensure that each eligible learner meets and continues to meet the criteria specified in paragraph 26 of this funding mechanism.
74. The TEC must attach to funding a condition that a TEO that receives funding under this funding mechanism must not:
- a. restrict enrolment in programmes and micro-credentials funded under this funding mechanism on the basis of private advantage (for example, enrolment being restricted to the TEO's employees only); or
  - b. secure or seek to secure a valid domestic enrolment through offering of an inducement, as specified in paragraphs 30 to 31.
75. The TEC must attach to funding a condition that a TEO that receives funding under this funding mechanism must verify a learner's identity, and confirm and obtain evidence that a learner is a valid domestic enrolment in accordance with the criteria developed by the TEC.
76. The TEC must attach to funding a condition that if a learner is in a work-based: pathway to work, work-based or assessment and verification mode of delivery, the TEO must ensure that it keeps a record of evidence that the learner has a formal training agreement with their employer that is intended to lead to the completion of one or more of the programmes and/or micro-credentials.

### ***Reporting withdrawals to Ministry of Social Development***

77. The TEC must attach to funding a condition that a TEO that receives funding under this mechanism must report the withdrawal of learners in provider-based and provider-based extramural modes of delivery to the Ministry of Social Development within five working days of each withdrawal. This is to enable student loans and student allowances to be cancelled as soon as possible.

### ***Refunding fees for Withdrawals***

78. General refund provisions under section 357 of the Act relating to domestic students enrolled in PTEs apply.

79. For TEIs, the TEC must attach to funding a condition that, if fees are to be refunded to a learner on the basis that the learner withdrew on or before the withdrawal date, the TEI must, as soon as reasonably practicable, pay the refund:
- a. to the Ministry of Social Development, if the student paid the fees using the Student Loan Scheme; or
  - b. directly to the learner or employer, depending on who paid the fees.

### ***High-cost provision***

80. If the TEC allocates funding to a TEO for high-cost provision, the TEC must attach the following condition or conditions to funding:

### ***Aviation***

81. A TEO funded through the provider-based mode of delivery must not use funding provided under this funding mechanism to fund high-cost provision, as specified in paragraph 38, above the volume of EFTS for that provision at the TEO that the TEC has agreed to fund.
82. The TEC must attach to funding a condition that each TEO that is allocated EFTS for aviation provision that includes an in-flight training component (pilot training) must supply the Ministry of Social Development with the correct learner enrolment information, through the Verification of Study system, that ensures that:
- a. annual student loan fee borrowing for any pilot training learner does not exceed:
    - i. if the learner is not eligible for Fees Free Tertiary Education, \$35,000 per EFTS, as set out in paragraphs 86 and 87 and in any delegation to the TEC in force relating to the funding of Fees Free Tertiary Education that is issued under section 409(1)(j) of the Act; or
    - ii. if the learner is eligible for Fees Free Tertiary Education, \$35,000 per EFTS, less the amount payable to a TEO by the TEC on behalf of the learner for fees in accordance with criteria set out in paragraphs 86 and 87 and in any delegation to the TEC in force relating to the funding of Fees Free Tertiary Education that is issued under section 409(1)(j) of the Act; and
  - b. where a pilot training learner is studying part-time, annual student loan fee borrowing does not exceed the proportion of \$35,000 that is represented by the proportion of an EFTS course load that is being undertaken by the learner, less any fees payment made by the TEC on behalf of the learner (as set out in paragraphs 86 and 87 and in any delegation to the TEC in force relating to the funding of Fees Free Tertiary Education). For example, if a learner is studying 0.4 EFTS units in the year, the student loan borrowing limit will be \$14,000. For those eligible for the Fees Free Tertiary Education payment, the student loan borrowing limit for 0.4 EFTS units in the year would be \$14,000, less the amount payable to a TEO by TEC on behalf of the learner for fees.

### ***Fees and associated course costs***

83. The TEC must attach to funding a condition that a TEO that receives funding under this funding mechanism:

- a. must pay for the necessary equipment, infrastructure and hardware required to deliver a particular programme, micro-credential and/or component part<sup>3</sup>; and
  - b. in relation to the provision of essential equipment, including computers, diving hardware, and chainsaws, must not:
    - i. include the costs of these items in any fees, compulsory course costs, or student services fees, charged to learners; or
    - ii. require the costs to be met through the “course-related costs” component of the Student Loan Scheme, as a condition of enrolment for learners; and
  - c. must not meet the costs of overseas travel for learners through the use of funding obtained under this funding mechanism or via the Student Loan Scheme, unless the overseas travel is academically essential.
84. For the purposes of paragraph 83(c) above, the TEC must develop guidelines determining when overseas travel is academically essential.
85. The TEC must attach to funding a condition that a TEO that receives funding under this funding mechanism must comply with the Fee Regulation Settings, as specified in Part Four of this funding mechanism.

#### ***Fees Free Tertiary Education***

86. The TEC must attach to funding a condition that a TEO must not charge an eligible learner, or their employer if applicable, an amount in respect of fees (as defined by any delegation to the TEC in force relating to the funding of Fees Free Tertiary Education and issued under section 409(1)(j) of the Act) otherwise payable by the learner, or their employer if applicable, if the TEC has advised the TEO that the TEC will:
- a. if the TEO is not a PTE, pay that amount to the TEO in respect of fees on behalf of the learner, or their employer if applicable; or
  - b. if the TEO is a PTE, compensate the PTE for that amount in respect of fees forgone as a result of the condition required to be imposed under this paragraph.
87. For the purposes of the condition that the TEC must impose under paragraph 86 (above), the TEC must determine each amount payable to a TEO by the TEC in accordance with criteria set out in any delegation to the TEC in force relating to the funding of Fees Free Tertiary Education and issued under section 409(1)(j) of the Act.
88. The TEC must attach to funding a condition that each TEO must work collaboratively with the TEC to give effect to the Fees Free Tertiary Education initiative. In particular, the TEO must provide information as required by the TEC, to enable the TEC to understand the EFTS consumption of eligible learners, and in relation to fees.

---

<sup>3</sup> The phrase “equipment, infrastructure and hardware” refers to those items that can be used by successive intakes of learners. It does not include personal items which are provided for individual learner use and which the TEO does not retain for the next intake of learners nor does it refer to the infrastructure used by learners in work-based: pathway to work, work-based or assessment and verification modes.

89. Any fees in excess of the amount payable by the TEC under paragraphs 86 and 87 may be charged by the TEO to the learner, or their employer if applicable.

### ***Learner component funding***

90. The TEC must attach to learner component funding a condition that a TEO must:
- a. identify the unique needs of all learners (including through engagement with learners and their communities);
  - b. make decisions about how to support learners; and
  - c. allocate funding accordingly.
91. The TEC must attach to funding a condition that a TEO required to set and meet performance expectations must demonstrate how it will deliver results for learners, and commit to:
- a. address racism, bias and low expectations that impact VET learners and their whānau;
  - b. strengthen mechanisms to hear and act on VET learner voice and understand the views of whānau and communities about VET;
  - c. reduce barriers for VET learners, particularly in accessing work-based learning, and supporting them to be successful in VET; and
  - d. ensure VET teaching and learning meets learner, employer and industry needs, and delivers skills relevant for the workplace.
92. If the TEC has identified that a TEO must set and meet performance expectations under paragraph 50, 54, 56 or 62(a), the TEC must attach to funding a condition that the TEO:
- a. Must, if paragraph 50 or paragraph 54 is applicable, review its performance expectations each year and take one of the following actions:
    - i. if the TEO considers the changes to the performance expectations are required, it must submit amended performance expectations for approval by the TEC; or
    - ii. if the TEO considers that its existing performance expectations are appropriate, advise the TEC that it has completed its review and no changes to the performance expectations are required; and
  - b. provide any information specified by the TEC within timeframes specified by the TEC to enable the TEC to monitor the TEO's performance against the performance expectations.

### ***No other funding***

93. The TEC must attach to funding a condition that a TEO that receives funding under this funding mechanism must:

- a. not (without the TEC's prior written consent) seek or obtain funding from any Crown source other than the TEC to fund a programme or micro-credential which is funded under this funding mechanism; and
- b. notify the TEC immediately if it becomes aware of any circumstances that might result in a breach of sub-paragraph (a) of this condition.

### ***Responsible use of funding***

94. The TEC must attach to funding a condition that a TEO that receives funding under this funding mechanism must use the funding:
  - a. lawfully, responsibly, and for the purposes for which it is provided; and
  - b. in a manner consistent with the appropriate use of public funds.

### ***TEC administrative responsibility in the case of under-funding***

95. If a TEO receives funding under this funding mechanism that is less than it should have been, or than what it was entitled to receive, the TEC must treat the amount of the under-funding as a credit and pay the amount of the under-funding as soon as reasonably practicable.

### ***Recovery of funding***

96. The TEC must attach to funding a condition that if a TEO receives delivery component funding under this funding mechanism that is greater than it should have been, or that it was not entitled to receive as determined by TEC, the TEO must treat the amount of the over-funding as a debt due to the Crown that:
  - a. is repayable on demand; and
  - b. may be set-off against all or any funding, or any sum of money payable by the TEC to the TEO.
97. The TEC must provide the TEO with reasonable notice before exercising its right to demand repayment or set-off the debt against all or any funding.
98. For the purposes of this condition, a TEO will have received funding that was "greater than it should have been" if the total dollar value of the provision funded under this funding mechanism that is delivered by a TEO within a funding year is less than 99% of the total dollar value for the provision paid to the TEO under this funding mechanism.
99. In that situation, the percentage of funding that is repayable is equal to the difference between the bottom of the tolerance band (99%) and the percentage value of the provision that was delivered.

### ***Over-delivery***

100. The TEC must attach to funding a condition that a TEO cannot deliver provision above 105% of their approved allocation without prior written approval from the TEC.

### ***Recovery of funding in case of deviation from approval***

101. The TEC must attach to funding a condition that if a TEO deviates materially and substantially from their commitments of delivering specific subject areas, programme or micro-credential levels and/or the mode of delivery for which funding is approved, the TEC may treat the funding for that programme or activity as recoverable as a debt due to the Crown that:
  - a. is repayable on demand; and
  - b. may be set-off against all or any funding, or any sum of money payable by the TEC to the TEO.
102. The TEC must provide the TEO with reasonable notice before exercising its right to demand repayment or set-off the debt against all or any funding.

### ***Repayment of funding following revocation of funding approval***

103. The TEC must attach to funding a condition that if, in accordance with clause 16 of Schedule 18 of the Act, the TEC suspends or revokes some or all of a TEO's funding paid under this funding mechanism before that funding has been used or contractually committed towards the purposes for which that funding was provided, then the TEO must treat the unexpended or uncommitted portion of the funding as a debt due to the Crown and is:
  - a. repayable on demand; and
  - b. may be set-off against all or any funding, or any sum of money payable by the TEC to the TEO.

### ***Disclosure of data from Statistics New Zealand's Integrated Data Infrastructure***

104. The TEC must attach to funding a condition that a TEO consents, for the purposes of section 37A(a) of the Statistics Act 1975, to Statistics New Zealand disclosing information to the Ministry of Education and the TEC from its Integrated Data Infrastructure that identifies, or may identify, the TEO.
105. The TEC must inform TEOs that the Statistics Act 1975 does not constrain the ongoing use or sharing of the TEO-level data once it is disclosed.

### ***Benchmarking***

106. The TEC must attach to funding a condition that a TEI must participate as appropriate in benchmarking, including:
  - a. providing the TEC, or any vendor contracted by the TEC for benchmarking purposes, with financial and performance information as requested, in a timely manner; and
  - b. engaging with follow-up questions and related quality assurance processes, in a timely manner; and
  - c. contributing to the cost of any vendor contracted by the TEC, at a rate determined by the TEC.

## PART FOUR: FEE REGULATION SETTINGS

107. The conditions in Part Four of the funding mechanism relate to fees charged by TEOs for the relevant programmes, micro-credentials, activities and/or component parts funded under this funding mechanism, and to student services fees charged to domestic students who are funded under this funding mechanism. However, fees charged for industry training (i.e. programmes previously funded through the Industry Training Fund) are exempt from the conditions in paragraphs 111 to 133.
108. The fees charged by a TEO are subject to these conditions if the TEO is the sole source of the item to which the fee relates.

### **Definitions**

109. In Part Four of this funding mechanism, unless the context otherwise requires:
- a. **Course** means part of a programme that leads to the award of a qualification on the NZQCF, including a certificate, diploma or degree. This includes a course that is part of a programme where the student is not enrolled in the programme (for example, where a student is only enrolled in one or more courses but not intending to complete the entire programme);
  - b. **Industry training** means programmes previously funded through the Industry Training Fund;
  - c. **Micro-credential**, means study or training that leads to an award but does not, of itself, lead to an award of a qualification listed on the NZQCF;
  - d. **Programme** means programme of study or training leading to the award of a qualification listed on the NZQCF;
  - e. **Fees** means:
    - i. tuition fees; and
    - ii. compulsory course costs that are charged to all students enrolled in a course, which includes (but are not limited to) the following: any compulsory costs associated with enrolment, examinations (including reporting of credits to the NZQA), field trips, and any compulsory purchase of equipment or books through the TEO; and
    - iii. excludes any administrative fees or charges (other than tuition fees or compulsory course costs) for additional services that are payable as a result of the specific circumstances of a student, which includes (but are not limited to) the following: reassessment or remarking of examination results, examination relocation fees, fees associated with recognition of prior learning, or fees associated with an application for selected entry programmes; and
    - iv. excludes student services fees;
  - f. **Student services fees** means fees for the provision of student services that are provided by a TEO or by another person or body on behalf of the TEO. These fees were previously known as compulsory student services fees (CSSFs); and

- g. **TEO** means tertiary education organisation as defined in section 10 of the Act.

### ***The Annual Maximum Fee Movement***

110. The Annual Maximum Fee Movement (AMFM) sets the maximum percentage that TEOs may increase their fees by each year for domestic students for all programmes and their component courses that are funded under this funding mechanism, excluding any fees charged for industry training.
111. The AMFM for 2024 is set at 2.8 percent. This permits a 2.8 percent increase on the fees (GST exclusive) charged in 2023 to domestic students for all courses that are funded under this funding mechanism.
112. If a TEO reduces fees for a course across one or more calendar years, the TEO can then return to the previous fee (from before the reduction was applied), in addition to applying the AMFM rates for the period in which the fees were reduced. This clause does not apply where fee reductions were in place prior to 2024.
113. The AMFM applies to any new courses established by a TEO in substitution for an existing course dealing with the same or similar subject matter, at a same or similar level on the NZQCF, for which funding provided under this funding mechanism can be used, except where the provisions in paragraph 114 below apply.
114. For courses delivered by Te Pūkenga that are part of Te Pūkenga's process to unify similar programmes, and where Te Pūkenga delivers this course across its network, the fees for those courses are not subject to the AMFM limits, but are subject to the fee setting limits for new courses outlined below in paragraphs 121-126.

### ***Exceptions to the Annual Maximum Fee Movement***

115. A TEO may apply to the TEC for an exception from the 2024 AMFM on the basis of exceptional circumstances. Any exception granted will not exceed an additional 2.8 percent increase over and above the permitted 2.8 percent increase.
116. In considering exceptional circumstances, the TEC must only have regard to the following criteria:
- a. the TEO can demonstrate that it is financially unsustainable to deliver the course, in terms of the cost of delivering the course and taking into account the total income that the course would generate (including government funding and tuition fees), and that there are no satisfactory alternatives to limit costs; and
  - b. the existing fees for the course are no more than the 75th percentile of the range of fees charged for similar courses; and
  - c. any two of the following three criteria:
    - i. where the course is part of a qualification at Levels 3-7 (non-degree) on the NZQCF that has been delivered previously, the programme has a cohort-based completion rate that meets or exceeds the median performance benchmark for that NZQCF level in the previous year;
    - ii. the TEO can demonstrate that the course is in some way unique or special, for example, that there are no available local alternatives; and

- iii. not allowing an exception will prevent the TEO from making a significant contribution to the achievement of one or more of the Government's priorities, as set out in the current Tertiary Education Strategy.
117. For the purpose of paragraph 116(b), the TEC must specify how similar courses will be determined.
118. If a TEO is applying for an exception for multiple courses, each course must individually meet the exception criteria specified in paragraph 116.
119. There is a limit to the number of courses for which a TEO can request an exception for each year, depending on the number of EFTS enrolled at the TEO. For a TEO with less than 1,000 EFTS, the limit is 4 courses. For a TEO with between 1,000 and 5,000 EFTS, the limit is 8 courses. For a TEO with between 5,000 and 10,000 EFTS, the limit is 12 courses. For a TEO with more than 10,000 EFTS, the limit increases by 4 courses per increment of 10,000 EFTS.

#### *Low or Zero Fee Courses*

120. If the fee for a course funded under this funding mechanism is less than \$511.11 (GST inclusive) (or \$444.44 (GST exclusive)) per EFTS in 2023, then for 2024, the TEO may increase the fee to up to \$511.11 (GST inclusive) (or \$444.44 (GST exclusive)) per EFTS, or can increase the fee by 2.8 percent, whichever is the greater.

#### ***Fee-setting Limits for New Courses***

121. The fee for a new course established by a TEO and funded under this funding must be no more than the 75th percentile from the range of fees charged for similar courses. The TEC must specify how similar courses will be determined.
122. The above fee-setting limit applies to any new course funded under this funding mechanism (excluding any fees charged for industry training), except where the course is in substitution for an existing course dealing with the same or similar subject matter, at a same or similar level on the NZQCF. Substitute courses are subject to the AMFM.

#### *Exceptions to Fee-setting Limits for New Courses*

123. A TEO may apply for an exception from the fee setting limits for new courses on the basis of exceptional circumstances.
124. In considering whether or not there are exceptional circumstances, the TEC must only have regard to the following criteria:
- a. The course would not be financially viable without a higher fee; and
  - b. where the course is part of a programme at Levels 3-7 (non-degree) on the NZQCF that has been delivered previously, the programme has a cohort-based completion rate that meets or exceeds the median performance benchmark for that NZQCF level in the previous year; and
  - c. the TEO can demonstrate that the course is in some way unique or special; for example, there are no or very few similar courses to compare fees with; and

- d. the course is aligned to the Government's priorities as set out in the Tertiary Education Strategy.
125. The TEC must only grant an exception if it is satisfied that the TEO meets all of the above criteria.
126. The TEC will have discretion to determine the level at which a TEO can set fees for any new courses that have been granted an exception.

### **Fee-capping Limits for Micro-credentials**

127. The fees for a micro-credential must be no more than \$64 (GST inclusive) per credit. This fee cap does not apply to component courses that also lead to the award of a qualification and are funded through this funding mechanism, or to any fees charged for industry training.
128. Where a micro-credential is wholly or partly comprised of courses that also lead to the award of a qualification and are funded through this funding mechanism, the fees for those courses must be equal to, or less than, the maximum fee permitted for the course under the AMFM and fee setting limits for new courses. The fees for the components that are not also part of a programme must be no more than \$64 (GST inclusive) per credit.

### *Exceptions to Fee Capping Limits for Micro-credentials*

129. A TEO may apply to the TEC for an exception from the fee capping limits for a micro-credential (or components of a micro-credential that are not made up of existing courses subject to the AMFM) on the basis of exceptional circumstances.
130. Where a course in a micro-credential is also a course in a programme, it is subject to the AMFM and the relevant exception criteria outlined in paragraphs 115-120.
131. In considering whether or not there are exceptional circumstances, the TEC must only have regard to the following criteria:
- a. the TEO can demonstrate that the fee cap makes it financially unsustainable to offer the micro-credential, in terms of the costs of delivering the micro-credential and taking into account the total income that the micro-credential would generate (including Government funding and fees), and that there are no satisfactory alternatives to limit costs; and
  - b. the TEO can provide evidence that there is strong support from industry and/or employers to deliver the micro-credential and that the micro-credential clearly meets industry and/or employer needs.
132. The TEC must only grant an exception if it is satisfied that the micro-credential meets both of the above criteria.
133. The TEC will have discretion to determine the level at which a TEO can set fees for any micro-credential granted an exception.

### ***Student services fees***

134. All TEOs that charge student services fees to domestic students who are funded through this funding mechanism must comply with the requirements set out paragraphs 136 to 143.
135. The objective of the requirements on TEOs that charge student services fees is to ensure:
  - a. accountability to students in the use of fees for student services;
  - b. involvement of students in decisions about the charging and use of fees for student services; and
  - c. fair arrangements for students in different tertiary education settings (for example, work-based students or students in fees-free foundation education programmes).

### ***Requirements when setting student services fees***

136. **Opt-in arrangements for apprentices and trainees:** TEOs must not charge a compulsory fee for student services to apprentices and trainees (as defined in section 10(1) of the Act), or their employers. TEOs must give apprentices, trainees and their employers the option of paying for and accessing student services. Where apprentices and trainees opt in to receive student services and pay fees, TEOs are still required to comply with the requirements outlined in paragraphs 137 to 143.
137. **Decision-making:** TEOs must establish and demonstrate adequate arrangements for decisions to be made jointly or in consultation with the students enrolled at the TEO, or their representatives, on the following matters:
  - a. the maximum amount that students will be charged for student services; and
  - b. the types of services to be delivered (within the permitted categories set out below); and
  - c. the procurement of those services; and
  - d. the method for authorising expenditure on those services.
138. **Consultation requirements:** If a TEO chooses to make decisions about student services fees in consultation with students enrolled at the TEO or their representatives, instead of undertaking a joint decision-making process, the TEO is required to ensure that:
  - a. the outcome of the consultation is not predetermined;
  - b. proposals are clearly communicated and publicised;
  - c. there is sufficient time for learners to consider proposals and provide feedback; and
  - d. due consideration is given to student feedback.

139. **Accounting for the use of student services fees:** TEOs must either hold all student services fees in a separate bank account or ensure that all income and expenditure associated with the provision of such services is separately accounted for in the TEO's accounting system.
140. **Reporting on student services fees:** TEIs must provide information on all student services fees through their annual report, and registered PTEs must provide information on all student services fees through a written report to students. TEIs and registered PTEs must include the following information in their annual report or written report to students:
- a. a description of the services funded out of the student services fee;
  - b. a statement of the fee income and expenditure for each type of student service;
  - c. the student services fee amount charged per EFTS or academic year (or however it is calculated); and
  - d. a statement describing how the provider is complying with the accounting requirements specified above in paragraph 139.
141. **PTEs' written reports to students:** Registered PTEs charging student services fees must provide to the TEC a copy of the report that is provided to students. A copy of the report must be sent to:
- Requirements for Student Services Fees Submissions  
Monitoring and Crown Ownership  
The Tertiary Education Commission  
PO Box 27048  
Wellington 6141  
Email: [ssf@tec.govt.nz](mailto:ssf@tec.govt.nz)
142. **Publishing information online:** TEOs charging student services fees must, as soon as reasonably practicable each year, publish the following information on their website:
- a. a description of the services funded out of the student services fee;
  - b. a statement of the fee income and expenditure for each type of student service;
  - c. the student services fee amount charged per EFTS or academic year (or however it is calculated);
  - d. a description of the current year's student services fee decision-making process, including what decisions were consulted on, how consultation with students occurred, a summary of learner feedback, what the decisions were, and how learner feedback was incorporated into those decisions; and
  - e. a description of how students can be involved in student services fee decisions for the following year – i.e. how TEOs propose to consult with their students and what issues might be considered.

143. **Categories of student services:** TEOs may charge student services fees to support the delivery of the following categories of services:
- a. Advocacy and legal advice – Advocating on behalf of individual students and groups of students, and providing independent support to resolve problems, including advocacy and legal advice relating to accommodation.
  - b. Careers information, advice and guidance – Supporting students’ transition into post-study employment.
  - c. Counselling services – Providing non-academic counselling and pastoral care, such as chaplains.
  - d. Employment information – Providing information about employment opportunities for students while they are studying.
  - e. Financial support and advice – Providing hardship assistance and advice to students on financial issues.
  - f. Health services – Providing health care and related welfare services.
  - g. Media – Supporting the production and dissemination of information by students to students, including through newspapers, radio, television and internet-based media.
  - h. Childcare services – Providing childcare services while caregivers are studying.
  - i. Clubs and societies – Supporting student clubs and societies, including through the provision of administrative support and facilities for clubs and societies.
  - j. Sports, recreation and cultural activities – Providing sports, recreation and cultural activities for students.

## APPENDIX 1: CALCULATION OF FUNDING

**Table 1: Delivery Classification**

|       |   |
|-------|---|
| #01   | Agriculture; Horticulture   |
| #02   | Architecture; Quantity Surveying  |
| #03   | Arts; Advanced Studies for Teachers; Health Therapies; Humanities; Languages; Social Sciences |
| #03.1 | Osteopathy; Acupuncture   |
| #04   | Business; Accountancy; Office Systems/Secretarial; Management                                 |
| #05.2 | General Education   |
| #06   | Computer Science  |
| #11   | Engineering; Technology   |
| #11.1 | Priority Engineering  |
| #11.2 | Pilot Training  |
| #12   | Fine Arts; Design   |
| #13   | Health Sciences (excluding classifications #07, #15, and #17)                                 |
| #14   | Law   |
| #16   | Music and Performing Arts   |
| #17   | Health Related Professions  |
| #18   | Science   |
| #22   | Trades  |
| #38   | Foreign-Going Nautical  |
| #42   | Mātauranga Māori and Te Reo Māori   |

Delivery to which this funding mechanism relates that has a delivery classification code that is not included in the table above must be mapped by the TEC to the most appropriate delivery classification code within the above table based on the contents of the programme, micro-credential and/or component parts.

**Table 2: Funding categories: alphabetic code**

| UFS subject category  | Delivery classification guide numbers and subject areas   |
|---|---|
| <p>F1</p> <p>Humanities, Business and Social Service Vocations</p>                            | <p>#03: Arts; Advanced Studies for Teachers; Health Therapies; Humanities; Languages; Social Sciences.</p> <p>#04: Business; Accountancy; Office Systems/Secretarial; Management.</p> <p>#5.2: General Education (unclassified)</p> <p>#14: Law</p> |
| <p>F2</p> <p>Trades, Creative Arts, Information Technology and Health-related Professions</p> | <p>#02: Architecture; Quantity Surveying</p> <p>#06: Computer Science</p> <p>#12: Fine Arts; Design</p> <p>#16: Music and Performing Arts</p> <p>#17: Health Related Professions</p> <p>#22: Trades</p>   |
| <p>F3</p> <p>Agriculture, Engineering, Health Sciences and Science</p>                        | <p>#01: Agriculture and Horticulture</p> <p>#3.1: Osteopathy, Acupuncture</p> <p>#11: Engineering, Technology</p> <p>#13: Health Sciences</p> <p>#18: Science</p>   |
| <p>F4</p> <p>Pilot Training and Priority Engineering</p>                                      | <p>#11.1: Priority Engineering (leading to qualifications at L5 or above)</p> <p>#11.2: Pilot Training</p>  |
| <p>F5</p> <p>Foreign-going Nautical and Specialist Agriculture</p>                            | <p>#01: Agriculture and Horticulture (specialist / higher-level provision at level 5 and above)</p> <p>#38: Foreign-Going Nautical</p>  |
| <p>F6</p> <p>Mātauranga Māori and Te Reo Māori</p>  | <p>#42: Mātauranga Māori and Te Reo Māori</p>   |

**Table 3: Funding categories: modes of delivery**

| Mode  | Description   |
|---|---|
| Provider-based*   | Learners study mainly in a campus setting with supported self-directed learning. Providers are responsible for learners' health and wellbeing support.  |
| Provider-based: extramural  | Learners study mainly away from a campus setting but not in the workplace. Learners undertake supported self-directed learning and the provider is responsible for the learners' health and wellbeing support.  |
| Work-based  | Learners study mainly in the workplace with supported self-directed learning. Learners are supported in their training by both the provider and employer. Providers are responsible for learners' health and wellbeing support in conjunction with the employer.  |
| Work-based: pathway to work   | Learners have completed some study in the provider-based mode. Providers assist learners to find jobs with training agreements and support them to establish their learning in the workplace. All other work-based responsibilities are the same as the work-based mode. This rate will be limited to the transition period between study and work. |
| Assessment and verification:  | Learners receive training in the workplace. The employer has created or purchased a programme of study leading to a qualification and delivers this. Providers work with employers to map the programme to the appropriate New Zealand qualification. Providers are responsible for the assessment of the learning.                                 |
| * The funding category for all delivery to learners residing in a Correctional facility is in the 'provider-based' mode of delivery |   |

**Table 4: The funding rates**

| Funding categories  | Mode of delivery / \$ per EFTS |                            |            |                             |                             |
|---|--------------------------------|----------------------------|------------|-----------------------------|-----------------------------|
|   | Provider-based*                | Provider-based: extramural | Work-based | Work-based: pathway to work | Assessment and verification |
| Humanities, Business and Social Service Vocations (F1)  | \$5,853                        | \$5,125                    | \$5,526    | \$6,733                     | \$1,618                     |
| Trades, Creative Arts, Information Technology and Health-related Professions (F2)   | \$9,306                        | \$5,125                    | \$7,634    | \$9,495                     | \$1,618                     |
| Agriculture, Engineering, Health Sciences and Science (F3)  | \$10,477                       | \$5,125                    | \$8,335    | \$10,432                    | \$1,618                     |
| Pilot Training and Priority Engineering (F4)  | \$12,818                       | \$5,125                    | \$9,740    | \$12,305                    | \$1,618                     |
| Foreign-going Nautical and specialist Agriculture (F5)  | \$17,559                       | \$5,125                    | \$12,585   | \$16,097                    | N/A                         |
| Mātauranga Māori and Te Reo Māori (F6)  | \$7,376                        | \$7,376                    | \$7,376    | \$7,376                     | \$1,679                     |
| * The funding category for all delivery to learners residing in a Correctional facility is in the 'provider-based' mode of delivery |                                |                            |            |                             |                             |
