Quick Guide
My Commitments - UFS App

This app provides information on commitments (mix of provision) as sourced from Workspace 2 and actual delivery from the ITR and the SDR. This app only contains data relating to non-degree delivery at levels 3-7 on the NZQCF and all industry training (DQ3-7) from reporting year 2023 onwards. It is intended for TEOs that submit data via both the Single Data Return (SDR) and the Industry Training Register (ITR).
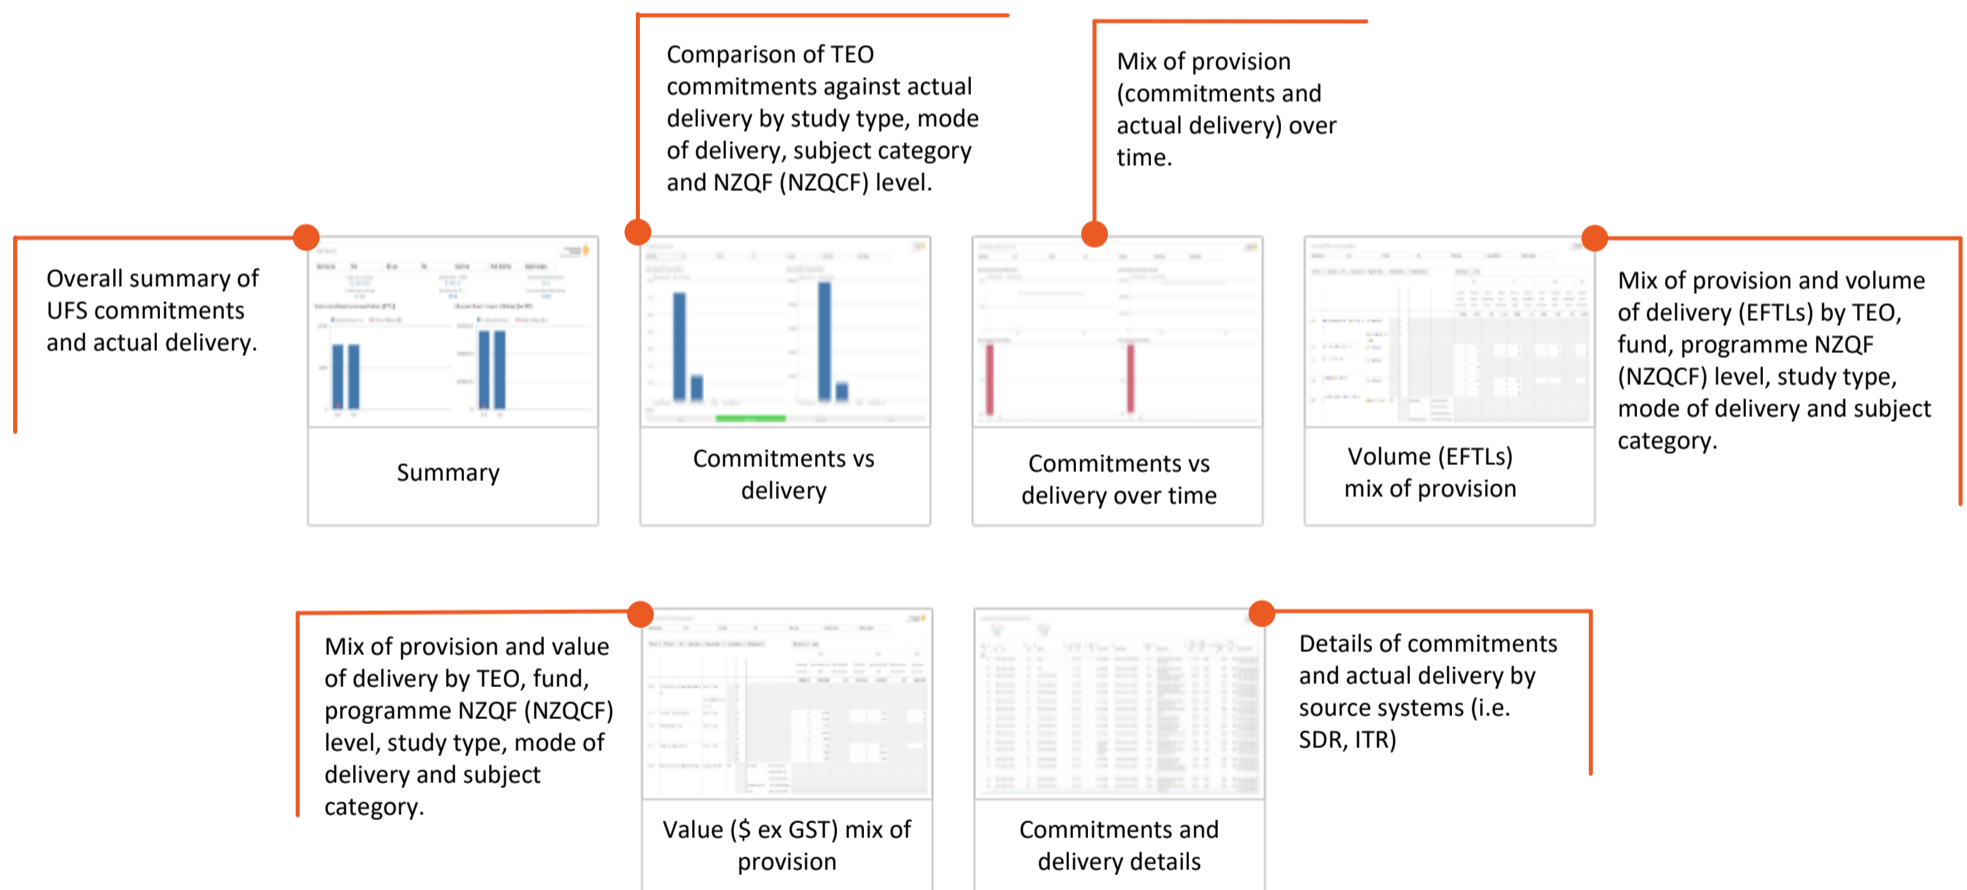

Examples of what you can discover

- See commitment trends over time (from 2023).
- Compare current and previous commitments to actual delivery (from 2023).
- A number of UFS specific filters are available for common data collected across both SDR and ITR such as Training agreement type, Study type, Mode of delivery and Subject category.
- A number of UFS specific filters are available for common data collected across both SDR and ITR such as Study type, Mode of delivery and Subject category

Things to note

- This app will only be refreshed periodically after the completion of each SDR submission round. Refer to the "data last loaded" prior to using the app.
- Actual delivery information can be shown even when no mix of provision (MoP) commitments exist.
- For more detailed information and pre-2023 data please refer to My Commitments - SDR and My Commitments - ITR apps

Information provided by each sheet

Overall summary of UFS commitments and actual delivery.

Comparison of TEO commitments against actual delivery by study type, mode of delivery, subject category and NZQF (NZQCF) level.

Mix of provision (commitments and actual delivery) over time.

Mix of provision and volume of delivery (EFTLs) by TEO, fund, programme NZQF (NZQCF) level, study type, mode of delivery and subject category.

Summary

Commitments vs delivery

Commitments vs delivery over time

Volume (EFTLs) mix of provision

Mix of provision and value of delivery by TEO, fund, programme NZQF (NZQCF) level, study type, mode of delivery and subject category.

Value ($ ex GST) mix of provision

Commitments and delivery details

Details of commitments and actual delivery by source systems (i.e. SDR, ITR)

Data Definitions

Take a look at the data definitions sheet in the app for more information on the following fields:
